- If you change your mind after the 14 day cooling off period and you have paid your premium in full, we will give you a pro-rata refund of your premium, based on the number of whole months remaining between your cancellation date and the end date of the policy shown on your schedule plus £35. If you have made a claim under this policy then you will not receive any refund.

Definitions

Certain words in this policy have a special meaning. These meanings are explained below and these include the singular or plural where appropriate.

Assistance

The work which our approved contractor will complete in your property in response to an emergency. This will be a temporary repair to make the damaged item safe or to limit further damage.

Beyond economical repair

Where the cost of repairing an item exceeds the cost of replacing it entirely. The value of the item is calculated taking into account its age, condition and the type of item that it is (e.g. make and model of an appliance). This total is compared to the costs of any parts and labour needed for repair.

Computer Virus

A set of corrupting, harmful, or otherwise unauthorised instructions or code, whether these have been introduced maliciously or otherwise, and multiply themselves through a computer system or network of whatsoever nature.

Electronic Data

Facts, concepts and information stored to form useable data for communications, interpretations, or processing by electronic or electromechanical data processing or other electronically controlled hardware, software and other coded instructions for the processing and manipulation of data, or the direction and manipulation of such hardware.

Emergency

A sudden and unexpected event which if not dealt with quickly, may:

- Lead to further damage; or
- Leave your property unsafe or unsecured; or
- Cause danger to you or any other permanent resident of your property.

This policy will only cover events which are emergencies.

Excess

The amount you must contribute towards the cost of the claim. This must be paid before a claim can be approved.

Geographical limits

England, Scotland, Wales and Northern Ireland.

Period of cover

12 months from the start date shown on your schedule.

Primary heating system

The main domestic central heating and hot water system in your property. This includes (but is not limited to):

- Boiler;
- Programmer and/or room thermostat;
- Pumps; and
- Hot water cylinder and radiators.

Solar systems, warm air systems, log burners and open fires, underfloor systems, unvented systems or any non-domestic boilers or sources of heating, are not covered under this policy.

Property

The address shown on your schedule and which:

- Is let to a tenant;
- Is a private dwelling of which you are the owner;
- Is not a bedsit, property in multiply occupation, council owned property, residential care home or nursing home;
- Has its own self-contained primary heating system;
- Has a maximum of 5 bedrooms; and
- Is located within the geographical limits shown above.

Integral and attached garages are covered as long as these are used for domestic purposes only. Standalone or separate garages are not covered.

Schedule

The document which accompanies this policy wording and which shows your personal details, your property address and the period of cover.

We (Inc. 'Us' & 'Our')

UK General Insurance Limited on behalf of Great Lakes Insurance SE.

You (Inc. 'Your')

The person who has taken out this insurance, who owns the property and who is shown on the schedule as the 'Policyholder'.

From this point onwards if a word or phrase appears in **bold type** it will have the meaning explained above.

Claims due to lack of maintenance or wear and tear, will not be covered.</p> <p>Your property is a bedsit, a property in multiple occupation, a council house, a residential care home or a nursing home.</p>

Basis of cover

Emergency events

This policy will only provide **assistance** with **emergency** events in **your property**. The policy will not cover maintenance or wear and tear issues. The claims handler will advise **you** if the event is an **emergency** and covered by the policy.

Gas Leaks

A gas leak is the responsibility of the distributor for that area. If **you** smell gas or think that there is a gas leak in **your property**, **you** should contact the National Gas Emergency Service on 0800 111999. An approved contractor will not be able to attend **your property** until gas leaks have been made safe.

Pay on Use

This policy will only cover **emergencies**. For issues which are not covered by this policy, **we** may be able to contact an approved contractor to help **you** on a 'pay on use' basis. This means that **you** would be responsible for paying for the full cost of all fees.

Boilers / Gas powered heating or hot water systems

It is not a policy requirement to have had these serviced prior to the start of the **period of cover**. However **you** are responsible for ensuring that **your** boiler or gas powered heating or hot water system is maintained to a safe standard. Claims due to wear and tear or lack of maintenance will not be covered. **Our** approved contractors will not be able to complete any work or repairs, to boilers or systems which are deemed to be unsafe due to poor installation or lack of maintenance.

No age limit applies to the boilers **we** will cover, but there may be some circumstances where because of the age of **your** boiler, or the availability of parts or the cost of repairs, **our** approved contractor may not be able to offer **you assistance**. In these cases **your** boiler will be treated as **beyond economical repair** and a one-off cash payment will be made to **you** of £250. Once we have issued this payment to **you**, no further cover will operate in respect of **your primary heating system**, until such time as you have replaced **your** boiler.

General Policy Conditions

You must comply with these in order to be covered by your policy.

1. **We** will only pay for **assistance** for **emergencies** occurring at **your property**, subject to the cover **you** selected shown on **your schedule**.
2. All claims are subject to an **excess**, which **you** must pay before **your** claim can be completed. The amount of **excess** **you** will have to pay, for each and every claim **you** make, is £50 unless otherwise stated on your insurance schedule.
3. Assistance visits:
 - a) The maximum number of **assistance** visits that **we** will pay for in any one **period of cover** is known as the 'call out limit'; the call out limit on this policy is five. Once the call out limit has been reached, **you** may not make any further claims during that **period of cover**. However if an **emergency** occurs the claims handler may be able to arrange a 'pay on use' service for **you** - 'Basis of cover' explains what this means. If **you** renew **your** policy **you** will be able to claim again, up to the call out limit for that **period of cover**.
 - b) If the approved contractor is unable to gain access to **your property**, the visit will be counted against the call out limit. If the contractor needs to return at a later date to complete repairs, **you** must ensure that they can gain access. If the contractor cannot access **your property**, **we** will not be able to provide further help beyond the **assistance** already given and **your** claim will be closed.
4. Reporting of claims:
 - a) Any risk of injury to people or of serious and major damage to **your property**, should be immediately reported to the supply company if appropriate (e.g. a gas leak), or the public emergency services. Please do this **before** **you** contact **us**, as **your** safety should always take priority.
 - b) **You** must not make any arrangements for repairs without authorisation from the claims handler. This is because **our** approved contractors may need to examine the **emergency** themselves, in order to confirm that it is covered by **your** policy.
5. Visiting **your property** to provide **assistance** is dependent on:
 - Weather conditions. If there is bad weather then the approved contractor may not be able to safely access **your property**. In some cases it may not be possible to provide immediate **assistance** e.g. Roof inspections if there are high winds.
 - Being able to reach **your property**. Transport delays (e.g. due to weather or industrial action), may mean the approved contractor cannot reach **your property**.

The decision whether it is safe or possible to provide **assistance** is at the sole discretion of the claims handler. If it is not possible to provide **assistance**, then **you** will be advised of this and

- help will be rearranged for a time when it is possible to safely attend **your property**.
6. The approved contractor may use parts which are sourced from third parties, in addition to those sourced from the manufacturer or its approved suppliers. All of our approved contractor repairs are guaranteed for 12 months. In order to provide this guarantee our claims handler will work with a pre-approved supply network. **We** are therefore unable to accept responsibility for loss, damage or inconvenience resulting from delays in the delivery of parts. If **you** wish the approved contractor to use parts which are of a superior specification to the faulty part being replaced, then **you** will be responsible for paying the difference in cost.
 7. **You** must ensure that all questions are answered correctly and truthfully and that all documents **you** submit to **us** are accurate. In the event that **you** provide **us** with information which is false or fraudulent, then **we** reserve the right not to pay **your** claim and to cancel **your** policy with no refund of premium. **We** may also share this information with the police and other insurance companies for fraud prevention.
 8. Subrogation - this means that **we** reserve the right to take over **your** claim after **we** have paid it, in order to recover payment from a third party. This may include taking legal action against third parties in **your** name. **You** must co-operate with **us** if **we** choose to do this; any action **we** take will be at **our** expense.
 9. Unless some other law is agreed in writing, this policy is governed by English law. If there is a dispute, it will only be dealt with in the courts of England or of the country within the United Kingdom in which **your** main residence is situated.
 10. This policy will end:
 - At the end of the **period of cover**; or
 - The date the policy is cancelled.

Your Cover

What you are covered for:	What you are not covered for:
----------------------------------	--------------------------------------

Electricity Supply

Emergency caused by the sudden and unexpected failure of, or damage to, the electricity system in **your property**.

Electricity Supply

- Replacing plug fuses or light bulbs.
- Resetting circuit breakers, where they can be reset by **you** and no associated repair work is needed to complete this.
- Wiring or cabling situated on the exterior of **your property** - e.g. wiring to satellite dishes, aerials etc.
- Loss of supply, or damage, where the whole of **your property** is not affected.
- Claims in respect of burglar or fire alarms, CCTV systems, swimming pools and the associated heating and piping and installation and accessories.

*This is because these are not classed as an **emergency** which can be covered by this policy.*

- Claims where **our** approved contractor advises that the system fails to meet minimum safety requirements.
- Claims where **our** approved contractor cannot complete repairs or replacements due to the age and/or poor condition of the system.

*This is because this is work which is beyond the scope of cover. Your **property** needs to be in a good state of repair at the start of the **period of cover**, in order for **us** to be able to cover **you** under this policy.*

Plumbing & Drainage

- **Emergency** caused by the sudden and unexpected failure of, or damage to, the plumbing and/or drainage system, including the toilet(s) in **your property**, which causes one or more of the following:
 - o Internal water leakage;
 - o Flooding;
 - o Water damage.

We will only cover plumbing and drainage which is **your** sole responsibility and which is within the boundary of **your property**.

Plumbing & Drainage

- General maintenance - e.g. dripping taps, leaking external overflows, etc.
- De-scaling or removal of hard water deposits, de-sludging and clearing of airlocks, corrosion.

- The underground water supply or drainage facilities which are outside **your property**.
- Macerators, cesspits and septic tanks.
- Plumbing and filtration systems for swimming pools or spa baths.
- Replacement of water tanks, hot water cylinders, or radiators.

This is because this is work which is beyond the scope of cover under this policy.

- Escape of water where it is not causing any damage or risk to **your** safety or the safety of any permanent resident in **your property**.
- Any water leak noises where there is no visible leak.

*This is because the policy is designed to only provide **assistance for emergencies**.*

- Repairs to domestic appliances where the leak is from the appliance itself.
- Noisy pipes caused by cooling and heating.

*This is because this is not classed as an **emergency** which can be covered by this policy.*

- Frozen pipe work.

This is because preventative steps such as insulating the pipe work can help prevent it freezing.
